

KOBRA SSD SHREDDER

Manufacturer: ELCOMAN Srl
 Brand: KOBRA
 Model: KOBRA SSD
 Article Code: 99.940

Throat width: 9.5 x 1 in
Security level similar to: O-3 T-4 E-3 DIN 66399
Shreds: 1/3" x 1/3" to 2/3"
Shreddable Materials: Solid State Drives, Smartphones, Tablets, USB Pen Drives, Circuit Boards, Credit Cards, DVDs/CDs
Waste capacity: 26 Gal.
Voltage: 115 Volt / 60 Hz
Power: 3 Hp
Dimensions (WxDxH): 41 x 32 x 48 in
Weight: 550 lbs
EAN code 8 026064 999403
Trade Agreement Act (TAA) Compliant

LEGENDA NIVOA SIGURNOSTI ISO/IEC 21964 (DIN 66399)	PAPER	CD/DVD	FLOPPY	CREDIT CARD	CREDIT CARD WITH CHIP	USB	FILM

MAIN FEATURES

Kobra SSD is a solid state drives/devices shredder capable of destroying solid state drives, smartphones, memory sticks, iPads, USB memory devices, pen drives, tablets, circuit boards, credit cards and ID cards with embedded electronic chip and/or magnetic media, CDs/DVDs, flash memory IC chips, CPU chips with internal ROM and/or flash memory. Shredded material is reduced in particles of variable sizes.

Kobra SSD is equipped with an integrated internal 26 gallon state-of-the-art HEPA air filtration system to insure a clean, safe and comfortable operating environment. The air filtration system continuously transports air from different areas inside the machine including the feed port and filters the air through a HEPA filter to capture and contain any harmful materials used in the manufacturing of ICs.

KOBRA SSD is supported by heavy duty lockable, double wheel casters for maximum mobility in the work area.

Easy access 9.5" x 1" feed port is designed with a safety brush covering the complete opening for safety and ease of feed operation. Lockable feed hopper cover prevents unauthorized access to the contents of the hopper once material is fed into the machine.

Features on the Kobra SSD include electronic safety lock out and shut down monitoring systems for bin access door, air filtration system access door and feed hopper, automatic reverse in case of accidental jam, lighted indicator displays to keep the operator informed of machine's operating status, front mounted large lockable emergency stop switch for safety. Standard Hour Meter helps the operator keep accurate maintenance records.

Please note the Kobra SSD is designed specifically for solid state devices PCBs, credit cards, DVDs and CDs. Shredding of other materials will damage the unit. Output may vary depending on size and density of devices and supply voltage. The Kobra SSD is the perfect device for solid state destruction applications backed by Kobra's over 30 years of experience in manufacturing of multi-media destruction equipment.
